*The River Pite at "Burmabron" (The Burma Bridge), where road E 45 crosses the river 10 km north of Moskosel – that's where we have our rafting base in July and August every year. This is a place for both adventure and good food in an easily accessible location. We have at least three tours down the rapids every day on the wild waters of the River Pite. Welcome in to our Rafting Café – ten kilometres north of Moskosel!*
